Ted NC Wilson & family			In His wisdom the Lord has decreed that the family shall be the greatest of all educational agencies. It is in the home that the education of the child is to begin. Here is his first school. Here, with his parents as instructors, he is to learn the lessons that are to guide him throughout life—lessons of respect, obedience, reverence, self-control. The educational influences of the home are a decided power for good or for evil. They are in many respects silent and gradual, but if exerted on the right side, they become a far-reaching power for truth and righteousness. <i>Counsels to Parents, Teachers and Students, p.107.1</i>
