"I have thought that while we restrain our children from worldly pleasures that have a tendency to corrupt and mislead, we ought to provide them innocent recreation to lead them in pleasant paths where there is no danger. No child of God need have a sad or mournful experience. Divine commands, divine promises, show that this is so. Wisdom's ways "are ways of pleasantness, and all her paths are peace." (Prov. 3:17). Worldly pleasures are infatuating; and for their momentary enjoyment many sacrifice the friendship of Heaven, with the peace, love, and joy that it affords. But these chosen objects of delight soon become disgusting, unsatisfying." **Ellen Gould Harmon White**

Eternity can never fathom the depth of love revealed in the cross of Calvary. It was there that the infinite love of Christ and the unbounded selfishness of Satan stood face to face. The entire system of Judaism, with its types and symbols, was a shadow of the cross, extending from Calvary back to the gate of Eden, and contained a compacted prophecy of the gospel. "In every sacrifice, Christ's death was shown. In every cloud of incense His righteousness ascended. By every jubilee trumpet His name was sounded. In the awful mystery of the holy of holies His glory dwelt." Stephen N. Haskell, *The Cross and its Shadow*, p. 9

This is especially the case where the fish come in contact with the sewage of large cities. The fish that are fed on the contents of the drains may pass into distant waters, and may be caught where the water is pure and fresh. Thus when used as food they bring disease and death on those who do not suspect the danger. <i>Counsels on Diet and Foods</i>, p. 394</p>

Ted NC Wilson & family			In His wisdom the Lord has decreed that the family shall be the greatest of all educational agencies. It is in the home that the education of the child is to begin. Here is his first school. Here, with his parents as instructors, he is to learn the lessons that are to guide him throughout life—lessons of respect, obedience, reverence, self-control. The educational influences of the home are a decided power for good or for evil. They are in many respects silent and gradual, but if exerted on the right side, they become a far-reaching power for truth and righteousness. <i>Counsels to Parents, Teachers and Students, p.107.1</i>
